### Studying Tips

There are different ways to study specific subjects. Different learners have different study methods. One method may work well for you, & another for someone else. The content of the learning matter will also determine the method you will use.

- First scan through the study piece to get a general idea of the contents. Then, read through it again and underline the important facts
- Observing-Read the passage carefully-aloud if possible. Get a general idea of the content. Make sure that you understand what you read.
- Processing & digesting-you have to interpret the material in your own words. Try to see a picture in your mind that represents the contents of the work you have learnt. Underline the most important facts.
- Reproducing- ask questions when you read the work, ask yourself questions.
- Feedback- while you read, find the answers to the questions you have written down. Write down the answers when you find them. After reading the first paragraph, close your book for a moment. See if you can repeat the main ideas in your own words.
- Making summaries
  - Get an idea of the whole content at first sight
  - Use short sentences
  - Make sure you know what each word or thought means.
  - Draw pictures to help you remember certain points (they should be funny and simple, and because they are your own creation, you will remember them)

### Examination Preparation Tips

- Be prepared long before the examination starts
- Be aware of the timetable
- Do revision frequently
- Stay physically fit
- Set clear goals
- Stay positive and confident

**My Way to Success**  
*Dedicated to the grade 12s*

I have been searching for a place called “success” for a long time. All of a sudden I found it.

I went through a path called ‘study hard’ and I turned to another one called ‘be committed and have a will to succeed in your journey.’ After a few kilometers, I found another one called ‘English is a key to the gates of success.’

Being a good listener is food for the journey. Food and to be punctual is the journey’s drink. I continue my journey because I was very much thirsty for such a place. A few kilometers ahead I found a post, where it was in education we do not have latent talents and we do not wait for tomorrows.

I proceeded with my journey even though it is long. I was fatigued and decided to rest a bit on a tree where it was written ‘hard work never kills, rather it pays and you must have endurance in order to succeed on your journey to success.’

On my way I found a small jungle and in that jungle I found a big lion named Temptation, challenges and bad friends will always be there. Then I stopped for a while. I was shivering because I was very afraid. I was just looking around and luckily I saw a gun on which was written Pray to God and know what you are sent to school for. The lion was moving towards me, but I took that gun and shot it. Then I continued with my journey.

I wanted to quit I thought I was wasting my time but I found a poster on which was written “life after school without employment is a disaster.” I continued my journey because I do not want to suffer such a terrible fate.

I proceed again on my journey and I found a favorable car, which said never give up. I drove it till I found a nice shining place called the outer-core of success. On it was written, “Further study and you will find the place of joy, happiness and love called the inner-core of success.” If you enter those gates you will find SUCCESS.

Much love:  
Wendy ‘12E’

### **Should Namibians allow same sex marriage?**

Kaatric 11A: Yes, I seriously think that peeps should leave their life as they wish. Who are we to judge others? We also given a choice by God so let the Namibian government permit same sex marriage. We will be fooling ourselves if we think the meter will vanish, whether these peeps are allowed to marry by law or not, they will continue to be them.

Simmy 11F: Hell no!! Osha lasa nai man, you people how can you ask me such a question and how will they enjoy their sex?

Jairus 12A: Nope, it's a sin to God. Therefore it must be abolished.

Today 10B: No, I think people get married because they want to come up with a family....would same sex reproduce?

Hendrick Carter: Hell no! Why should they? It's just not a good picture to children and I will say it is crazy. No! We Namibians should not allow it.

Jona 11F: Yes, because country like Namibia population is increasing day and night. And this is the good way of preventing the population growth and also this will avoid the transmission of HIV/AIDS. It should be allowed.

Nduli 11E: No, because the population of the country will drop down due to non-reproduction of young ones.

Peacemaker 11B: For what use? It just seems to be disgusting. How will they give birth even?....Besides, that's a sin because its forbidden by the bible's laws. Who came up with such a thought must swallow it back!

George 11G: No, because who will be a father and a mother or they won't reproduce?

Miina 8A: No, because a male and a female was created by God to give birth and to be together. But not the ones with the same sex. And it's also impossible. How can same sex reproduce if their aim for getting married is to produce their new young ones? It must be abolished...

Okocha 12D: My answer is a big no, due to the fact that the main purpose of marriage couple is to produce but I see no reproduction in same sex marriage and this will result in a drop in population.

Collin 12C: No! Cause it's a taboo. No offsprings made (No natural increase in population). There is no affection satisfaction. Love-lorn occurs after marriage.

Chris Joy 11C: No! Because God is not stupid as he came up with the idea of creating a man and woman to give birth to each other. Since I was young I didn't hear a boy getting pregnant.

Amenenge 11A: Yes! What matters is love if they do love each other.

## Interview

**1. Getting to know Stevie more (your name, nickname if you have)**

I'm Ndongala (surname) Stevie Munzo Susan (names), Stevinna (my mom calls me that) and I don't have a nickname (hate having one).

**2. Who is Stevie?**

Um one gal really a lil shy, not that talky, a lil clumsy, kind, humble, I'm short tempered but I pretend to be fine when I am not and I love entertainment as well as dancing. It's really my world and a day without dancing to me it's like I'm getting ill, that's why I usually make some movement every day.

**3. How do you overcome challenges of this journey, we call life?**

Well....! In life there's no situation that can let me down cause every problem has its end. So whatever comes in my life, I take it easy "No complaints" all I know it's that in life a person learns lessons and by that way I try all by means to get in the right direction and though it's not that simple.

**4. Are you single, ready to mingle?**

Ohhh oh oh....! It's secret secret....! I can't tell you....It's my lil world (giggles....) Ok it's "Lil Cesc" eh eh eh try to get into my dark ways cause your question it's too silly but I have answer it.

**5. Do you consider yourself as popular in xul?**

I can't say I'm popular I know it's that a large number of people know me even though I do not know some of them and that's not only in skul but it's every way I step on.

**6. What makes beautiful Stevie happy?**

I have a lot of things that make me put on a smile. Like singing, hanging out with ma gee's and watching comedy films and listening to musics. It really puts me in the mood and I love it....love it....I adore it...

**7. What inspires you most?**

All I want "its' to win." I always remind myself that impossible can turn possible at the very last seconds when my thoughts tell me that it's over for me....nah nah life inspires me most, I love my life.

**8. Who is your role model or admire in life?**

My ungle was my role model but since his spirit was taken away by angles, they left me with no choice (I don't have one anymore).

**9. What is it that you're afraid to lose in life?**

I'm afraid of losing my parents and my little twin brothers. I....I....I love them a lot and I just can't imagine losing them.

**10. How do you feel about you being in the top 10 beauties in the xul?**

Hmmm...ok I don't know about that or I must say, it's good, marvelous, fantastic, magnificent, amazing really...! You know when a person tells you that you're beautiful, you always take it as a joke but you smile a little cause you'll be like "So, I've got a lookable face" but that doesn't make one really proud cause there are also those that do not see it.

**11. What is your 1<sup>st</sup> priority?**

Improving my life, standard when comes to education even though things are getting weird, I have to try and it not that easy to be done.

**12. No doubt that you're a gorgeous, down to Earth gal and you ain't bad when it comes to style either. Any secrets or tips?**

Well I do not wanna let the cat out of the sac or else...??? Its gonna be dangerous when it's released hihhi kidding...! Honestly I can't put them in words really.

**13. What would you change about yourself if you were given that chance?**

Ok! I don't wish to change any parts of me, I'm great this way and for those that like me, they surely do cause of who I am right now. That's why I keep on saying that hate or adore me, it's unaffected to me. This is the way the Lord created me and I know that he did with its purpose and I have to accept it...its nature.

**14. Last but not least, what message do you have for our people in Ongha and youths in particular?**

Mmmm I would love to pass this message to all the Ongha's youth, especially to gals....Please let try to stop mocking, creating casual conversation and spreading rumors about our close friends and other peers cause that's leading to curse your life into misery. Let's make choices of which type of friend to be trusted cause some pretends towards you as if they love ssing your eyes full of tears, showing to peeps bad pic about you, and just study hard. I wish you all the best....and please let not boast of what we are, please be humble of yourself so that you may be lifted up. Hope you'll all behave chao chao....!

## Mirror by Lil Wayne

Uh, With everything happening today  
You don't know whether you're coming or going  
But you think that you're on your way  
Life lined up on the mirror, don't blow it (Whoo!)  
Look at me when I'm talking to you  
You lookin' at me, but I'm lookin' through you  
I see the blood in your eyes  
I see the love in disguise  
I see the pain hidden in your pride  
I see you're not satisfied  
And I don't see nobody else  
I see myself  
I'm lookin' at the  
Chorus - Bruno Mars:  
Mirror on the wall  
Here we are again (yeah)  
Through my rise and fall (uh)  
You've been my only friend (yeah)  
You told me that they can  
understand the man I am  
So why are we here  
Talking to each other again?  
I see the truth in your lies  
I see nobody by your side  
But I'm with you when you're all alone  
And you correct me when I'm lookin' wrong  
I see the guilt beneath the shame  
I see your soul through your windowpane  
I see the scars that remain  
I see Wayne  
I'm looking at the  
Chorus - Bruno Mars:  
Mirror on the wall

Here we are again (yeah)  
Through my rise and fall (uh-huh)  
You've been my only friend (my only friend)  
You told me that they can  
Understand the man I am (they can understand)  
So why are we here (misunderstood)  
Talking to each other again?  
Looking at me now, I can see my past  
Damn, I look just like my f\*\*\*in' Dad

Light it up, that's smoke in mirrors  
I even look good in a broken mirror  
I see my Mama's smile, that's a blessing  
I see the change; I see the message  
And no message coulda been any clearer  
So I'm starting with the man in the  
Chorus - Bruno Mars:  
Mirror on the wall (MJ taught me that)  
Here we are again  
Through my rise and fall (uh)  
You've been my only friend (take 'em to  
Mars, man)  
You told me that they can  
understand the man I am  
So why are we  
Talking to each other again?  
Mirror on the wall  
Here we are again (yeah)  
Through my rise and fall  
You've been my only friend (any questions)  
You told me that they can (I come to you)  
Understand the man I am (you always have  
the answer)  
So why are we here  
Talking to each other again?  
Mirror on the wall (Hey BP, looks like I did  
take 'em to Mars this time)  
So why are we talking to each other again?

### Miss Ongha

It was a very amazing show indeed and well organised but there are some corruption that had happened they say....and people don't appreciate it at all.

Miss Ongha was announced as:

Miss Ongha: Milcah

1<sup>st</sup> Princess: Tulli

2<sup>nd</sup> Princess: Martha Shambo

Personality: Martha Shambo

Photogenic: Milcah

This is what our respectful Miss Ongha said:

"I describe myself as an intelligent, dramatic, respectful, young girl in her youth.

Indeed I was delightful and happy that I became Miss Ongha 2012. Some people

were saying I didn't deserve to win, but to me it doesn't matter. Back there I did my best and by the look of judges I made it. I modeled for the first time when I was in grade 6. I didn't make it due to the fact that I didn't have any experience. Then I tried again in Miss Valentine this year where I lost again although I made it to the top 5. I didn't give up, I went for Miss Ongha 2012 and I won. Yippee! There was little rumours that my mom got something to do with my winning, but my mom would never do such a thing. Never bad mouth my mom or my family. I thank Ndamona Miss Ongha 2011 and my sister Miss Ongha 2008, my friends, and my mom for supporting me. I love you guys. Like they say proper preparation prevents poor performance. My message to you guys is never give up on your dreams or hopes, always achieve them."

## Doctor Kylie

1. **Oh my! I'm in love with this guy....can you plz help me out his name is Levi in 12C he is so cute and kind, loving what do I do?**

Hey sweetie, auntie got your point. I advise you to improve your hair and walking style, dressing code and try to spend some more time with him. Get closer to him and learn his likes and dislikes, if you happen to see him, blowing him that hand, give him that gorgeous smile, give him that look, express your feelings but don't ask him out! I'm sure he'll fall for you! Chau.

2. **I'm having a misunderstanding with my husband, and I'm worried cause all this days he had been sleeping on the caush. He doesn't wanna sleep with me.**

I don't know really why guys don't understand each other because you haven't mentions any cause! Well try to talk to him, tell him how it hurts you and let him know that you need him! Express your feelings to him and talk to him calmly and politely. Tell him how much you miss his attention and all that! I'm sure things will work out.

3. **I'm an 18 year old girl...I don't know what's wrong! I dress myself well, do my hair perfect and I sometimes put on make-up but I don't know what's wrong with me. No guy would come to me.**

Ou sweetie! Why do you have to try for love? You're still young and beautiful and any guy would love to date such an intelligent gal as you are. Take some time out with your friends, relax and make new friends, improve your hair style and have that eye-catching. And maybe your dressing code needs some improvement. I advise you stay cool and I'm sure Mr. Right will come.

4. **Doctor Kylie plz help me....How do I propose a girl?**

Lag...spend some more time having fun with the gal man!! Take her out sometimes and talk about love related stories. Make her feel special and be a real gentleman, do the eye-bling wherever you see her. Play this funny game and you may kiss her! Be brave and ask her out maybe she's been waiting! When talking to her don't give her that stern loon/voice, make her laugh, make her feel comfortable and I'm sure she will even like to ask you out herself.

5. **I like this other dude at my school. I started liking him from the 1<sup>st</sup> time I saw him when school started and I know he likes me too. But up to now he made no move. Is he scared of me or what? To tell him what...I like him a lot! Plz tell him what to do?**

My dearest daughter, I know and understand what you're going through and I encourage you to wait for the right time cause it wouldn't be no good rushing into things. To the guy, he might be scared or just not ready or just not into you. I know things might be hurtful but it's the truth. The only thing you should do is wait and don't rush. To the guy...if you like a girl just make a move cause you never know...she might be the one who wrote this.

6. **Doctor how can I show a guy that I'm dying to be with him?**

Lol! Why don't you try to get along with him, have fun and enjoyment. Try to go out with him! Give him that eye-catching look, hey don't forget that gorgeous smile, good compliments. You can also talk to him about his love life, his likes and dislikes, and ask him how he sees you! Play some funny game but don't you dare ask him out.

7. **My girl said I should make love to her if I really do love her? Should I do it or not?**

Well, it's only you who can decide that, only you know the right choice and only you who know what you want! What do you think is best for you? Are you sure it's her love of your life? Are you sure she is the one you want to experience it with? And why do you think she wants you so much! Are you ready? Ask yourself those questions and I' sure you already have an idea! Hey don't do something you don't want to or ready to!! Remember if you are to do it please condomise!

8. **My boyfriend is HIV positive but people are starting to discriminate me since I'm dating him. Should I dump him?**

Why should you dump your guy cause of people's opinions? Were the one who told you to love him? Gal make up your mind! Stand up and side your boyfriend! You should support him, prove them wrong and show them your determination in your relationship. Show them you are happy with him! And for your health practice safe sex otherwise you will be infected! Enjoy it to the fullest. Chau.

- 9. My ex left me for another guy but I still do love her. I don't know if they are still together of it was all a lie...How can I have her back?**

The question is do you know why she left you for that guy? If not ask her and if you do know...ask her back and tell her you are willing to improve and be the one. Don't give up....much love!

- 10. I'm a lesbian but I don't show it at school! The problem is I'm crushing a guy at school. What can I do? Should I make a move and let him know I'm a lesbian? Or what if the guy rejects me?**

Ou nah! You also got the right to live, love, a right to happiness! When are you going to lie about your gender? When are you going to love or ask out if you don't start now? Tell the guy man! Tell him how you feel about him, let him know you can't live without him! Let him know, express your feelings to him man! Be true to yourself and tell the truth, say it out!! Wish you all the best!

## Sport Life

By: Simon

I started playing soccer in the streets when I was 7 years old and by that time I was a striker before becoming a goalkeeper. I played as a striker for eight years. Through being a striker I experience an injury in my backbone when I fell two metre from the ground level. I stayed in that injury for two years and from there I became a goal keeper. I thought it was a better position from keeping me from getting another injury. 2009, I played for my class when I was in grade 8. Cause of my good performance I was selected to join a school team and is when I started putting much pressuring on my training.

Even though I was part of the school team, I was also serious with my school work. Especially last year it was very tough for me, cause I have to attend the training at the same time I have to study for the exam where I managed to score 30 points.

For being good at my position I signed up to join Oshana League where I can see that my talent it's now growing and it is at good standard. What I am real proud for is that I was chosen to represent my country at Angola for 22 Universal of Independence. And till now I am the first choice in Ongha. Soccer is my second life mwah!!! I love soccer!!!

### People's Comments

\*Ongha plays beautiful football and has a lot of ball possession but sometimes the scoring is the problem. However, the result against Onehuta Combined school, even though we lost, gives me confidence that we are on the right track. I predict Ongha will win 4-0 against Nehale S.S.S.

\*Firstly, I hope the coach does not change the team too much. If they are doing well in the first half, he must keep the same team because many teams lose when they make changes. Secondly, the players must not play for the crowd but for the team. That way they'll win at least 5-0 against Nehale S.S.S.

\*When Netball went to play at Haudano tournament they managed to be prized as 2<sup>nd</sup> position with N\$600 whereby they were defeated by G.T with 11-8. At M.K tournament they also managed to be prized as 2<sup>nd</sup> position with N\$500 where they were again defeated by G.T. with 20-17. Finally Ongha became a paradise of Netball! This was a dream to them at the Shikunde tournament when they defeated finally G.T. by 16-9. And was prized as the 1<sup>st</sup> prize and floating trophy and N\$900.00. This raised the pride of Ongha.

\*Soccer this year ain't powerful but lets thank them for what they did at Oshikunde Tournament whereby they were prized the 3<sup>rd</sup> position with N\$400.00 whereby they defeated by Oshela with 1-0. Let's also thank them for the FNB classic when they defeated Nehale with 2-0.

\*Ongha Secondary School soccer team, since January and we are now in July but umweetamo ashike 0400.00 Moskola...? Anyways congratulations! Ruu-one you've scored an excellent goal at Oshikunde Tournament.

### **Prayer for the School**

Father in the name of Jesus, thank you for this opportunity again to pray for our school. Lord our God with a humble heart I am asking you to forgive and wash away all our sin with the blood of Jesus. Don't abandon us Lord.

We are your children.

Give us the spirit of obedience to your word.

Give us the spirit of true repentance in truth and Spirit

Give us the spirit of obeying our parents at home and in the school, especially to our lovely principal, teachers, and all the LRC. For they are the pillars of our lives. It is because of them we have the knowledge, skill and understanding today.

Father help everyone in this school to know their purpose of being here.

Help us Lord to study very hard for that's the reason we are here.

Give us the spirit of knowledge and understanding as your word declare it in the book of James 1:5-7.

Lord we believe that you can do all things for there's nothing you cannot do.

Help us Lord that we may reach our destiny.

Father I pray for everyone in grade 12 and 10. Give them strength, courage, and hope as we are facing our final exams to study very hard. I stand against any spirit of laziness, spirit of failure and all the evil spirit that are against our education in Jesus name.

Thank you Lord for hearing, understanding, accepting, and that you will answer this prayer in Jesus name I pray.

Amen
